

## Sondermischungen nach Antonie Peppler

Stand 03.05.2013

| Name                                 | ArtNr | Zusammensetzung LM5 Mischung  |
|--------------------------------------|-------|---|
| Abgelehnte Seele                     | 347   | Ampelopsis quinque folia  |
| Abhängigkeit                         | 1     | Agnus castus, Caladium seguinum, Carduus marianus, Melilotus officinalis, Naja tripudians   |
| Abneigung/Erbrechen nach Muttermilch | 2     | Phosphoricum acidum, Sanicula aqua, Antimonium crudum, Aethusa cynapium   |
| Absonderung scharf                   | 3     | Allium cepa, Ailanthus glandulosa, Mercurius solubilis, Nitricum acidum, Arsenicum jodatatum  |
| Abszess                              | 4     | Hekla lava, Hepar sulfuris, Mercurius solubilis, Pyrogenium, Quercus e glandibus, Silicea   |
| ADHS                                 | 5     | Aethusa cynapium, Alumina, Helonias dioica, Ictodes foetida, Lycopus virginicus, Origanum majorana, Piper methysticum, Sarracenia purpurea, Sinapis alba, Sinapis nigra, Venus mercenaria |
| Adipositas                           | 6     | Calcium carbonicum, Hahnemanniii, Fucus vesiculosus, Sepia succus, Graphites naturalis  |
| Afterjucken                          | 7     | Berberis vulgaris, Carbo vegetabilis, Carboneum sulfuratum, Petroleum, Sulfuricum   |
| Akne                                 | 8     | Causticum, Hahnemannii, Eugenia jambosa, Juglans regia, Sepia succus  |
| Alkoholmissbrauch                    | 9     | Croton tiglium, Fluoricum acidum, Nux vomica, Quercus e glandibus   |
| Allergie                             | 344   | Histaminum muriaticum, Ignatia amara, Sulfur, Belladonna, Natrium muriaticum  |
| Alte Liebe                           | 10    | Aurum metallicum, Hyoscyamus niger, Ignatia amara, Natrium muriaticum, Staphisagria   |
| Amalgam                              | 11    | Chelidonium majus, Hepar sulfuris, Lycopodium clavatum, Nux vomica, Silicea   |
| Amputationsschmerz                   | 380   | Hypericum perforatum, Allium cepa, Arnica montana, Staphisagria, Kalmia latifolia   |
| Anämie                               | 12    | China officinalis, Crotalus horridus, Helonias dioica, Hydrastis canadensis, Natrium muriaticum, Phosphoricum acidum  |
| Anbindung                            | 13    | Anacardium orientale, Veratrum album, Zincum phosphoricum   |
| Anerkennung                          | 350   | Antimonium tartaricum, Artemisia vulgaris, palladium metallicum, Podophyllum peltatum, Sticta pulmonaria, Vanadium metallicum   |
| Angina pectoris                      | 14    | Aurum metallicum, Cactus grandiflorus, Cuprum metallicum, Glonoinum, Naja tripudians, Spigelia anthelmia, Spongia tosta, Veratrum viride  |
| Angst vor dem Zahnarzt               | 15    | Gelsemium sempervirens, Calcium carbonicum, Hahnemanniii, Magnesium carbonicum  |
| Angst vor Dunkelheit                 | 16    | Carbo vegetabilis, Phosphorus, Sanicula aqua, Stramonium  |
| Anorexie                             | 17    | Angustura vera, Antimonium crudum, China officinalis, Ipecacuanha, Natrium muriaticum   |
| Antibiotikaausleitung                | 18    | Heloderma suspectum, Nux vomica, Sulfuricum   |
| Aphten                               | 19    | Baptisia tinctoria, Borax veneta, Hydrastis canadensis, Kalium chloratum, Mercurius corrosivus, Natrium muriaticum, Nitricum acidum   |
| Apoplex                              | 20    | Barium carbonicum, Crotalus horridus, Glonoinum, Lachesis muta, Lathyrus sativus, Phosphorus, Zincum metallicum   |
| Appendizitis                         | 21    | Apis mellifica, Belladonna, Bryonia alba, Carduus marianus, Colocynthis, Ferrum phosphoricum, Nux moschata, Phosphorus, Pyrogenium  |
| Arnica Potenzakkord                  | 362   | Arnica in C30, C200, C1000, C10.000, C50.000, C 100.000, C 1.000.000  |
| Arthrose                             | 22    | Arsenicum album, Colchicum autumnale, Guajacum officinale, Jodum, Kalium jodatatum, Ledum palustre, Mercurius corrosivus, Urtica urens  |
| Arzneimittelmissbrauch               | 23    | Aloe socotrina, Carbo vegetabilis, Hepar sulfuris, Nux vomica, Sulfuricum   |
| Asthma                               | 24    | Arsenicum album, Aralia racemosa, Carbo vegetabilis, Dulcamara, Lobelia inflata   |
| Atrophie                             | 25    | Barium carbonicum, Jodum, Plumbum metallicum  |
| Aufwärts                             | 26    | Borax veneta, Elaterium officinarium, Kalium carbonicum, Ustilago maydis  |
| Aussitzen                            | 27    | Eugenia jambosa, Hepar sulfuris, Sabadilla officinalis, Vanadium metallicum   |

|                                |     |   |
|--------------------------------|-----|---|
| Autoaggression                 | 28  | Melilotus officinalis, Sarracenia purpurea, Tarantula hispanica   |
| Basisentgiftung                | 325 | Thuja, Occilococcinum, Pyrogenium, Nux-vomica, Sulfur   |
| Beckenboden                    | 358 | Lappa arcticum, Zincum valerianicum, Hekla lava, Gossipium herbaceum, Helonias dioica, Chimaphila umbellata   |
| Beckenstabilisierung           | 29  | Cantharis, Collinsonia canadensis, Helonias dioica, Kreosotum   |
| Bedingungslos annehmen         | 30  | Aqua teplitz, Coffea cruda, Manganum aceticum, Sambucus nigra   |
| Besenreiser                    | 31  | Berberis vulgaris, Carbo vegetabilis, Causticum, Hahnemannii, Crotalus horridus, Lachesis muta, Natrium muriaticum, Oxalicum acidum, Sabadilla officinalis    |
| Bettnässen                     | 32  | Benzoicum acidum, Causticum, Hahnemannii, Gelsemium sempervirens, Kreosotum, Plantago major   |
| Bienen/Wespenallergie          | 355 | Carbolicum acidum, Histaminum, Ledum, Pulsatilla, Lachesis, Rauwolfia   |
| Bindegewebsschwäche            | 33  | Calcium carbonicum, Hahnemanniii, Capsicum annum, Ferrum jodatum, Hepar sulfuris, Magnesium carbonicum, Secale cornutum, Spongia tosta                        |
| Blähungskolik                  | 34  | Cajeputum, Chamomilla, Magnesium phosphoricum, Senna  |
| Blasenmeridian                 | 381 | Aesculus, Carbo vegetabilis, Kalium bichromicum, Osmium metallicum, Senecio, Strontium metallicum, Zincum metallicum  |
| Bodenständigkeit fehlend       | 35  | Camphora officinalis, Lithium muriaticum, Oleum animale aethereum, Dippelii, Pyrus americana  |
| Borreliose                     | 36  | Apis mellifica, China officinalis, Hirudo officinalis, Manganum aceticum, Rhus toxicodendron  |
| Bronchitis                     | 37  | Bryonia alba, Drosera rotundifolia, Senega, Spongia tosta, Stannum metallicum, Veratrum album   |
| Brustwarzen wund               | 38  | Arnica montana, Castor equi, Croton tiglium, Dulcamara, Graphites naturalis, Helonias dioica, Phytolacca decandra   |
| Bursitis                       | 39  | Apis mellifica, Arnica montana, Bellis perennis, Ferrum phosphoricum, Jodum, Ledum palustre, Natrium muriaticum, Silicea, Sticta pulmonaria                   |
| Cellulitis                     | 40  | Apis mellifica, Hamamelis virginiana, Lachesis muta, Vipera berus   |
| Cholera                        | 41  | Arsenicum album, Camphora officinalis, Cuprum metallicum, Jatropha curcas, Secale cornutum, Veratrum album  |
| Clark I                        | 42  | Antimonium crudum, Cuprum metallicum, Plumbum metallicum, Strontium metallicum, Thallium metallicum, Zirkonium metallicum                                     |
| Clark II                       | 43  | Absinthium, Juglans regia, Oleum olovae, Spiranthus autumnalis  |
| Condylome                      | 44  | Cinnabaris, Euphrasia officinalis, Millefolium, Nitricum acidum, Sabina, Thuja occidentalis   |
| Cortison Ausleitung            | 45  | Cheiranthus cheiri, Cortisonum, Ferrum metallicum, Graphites naturalis, Vanadium metallicum   |
| Decubitus                      | 46  | Arnica montana, Calendula officinalis, Carbo vegetabilis, China officinalis, Pyrogenium, Silicea  |
| Dengue Fieber                  | 47  | Azadirachta indica, Boletus lacris, Causticum, Hahnemannii, Fluoricum acidum, Selenium metallicum   |
| Depression                     | 48  | Arsenicum album, Calcium carbonicum, Hahnemanniii, Conium maculatum, Copaiva, Ignatia amara, Sarracenia purpurea, Sepia succus                                |
| Detox A                        | 50  | Aceticum acidum, Chamomilla, Coffea tosta, Nitricum acidum, Nux vomica  |
| Detox E                        | 49  | Cadmium metallicum, Carbo vegetabilis, Carcininum burnett, Natrium glutamatum, Nux vomica   |
| Diabetes                       | 51  | Acidum aceticum, Grindelia robusta, Helonias dioica, Phosphoricum acidum, Taraxacum officinale, Vanadium metallicum, Phosphoricum acidum, Vanadium metallicum |
| Diphtherie Krankheitsnachsorge | 52  | Ailanthus glandulosa, Apis mellifica, Cantharis, Lac caninum, Lachesis muta, Mercurius solubilis, Spongia tosta   |
| Doppelt                        | 53  | Anacardium orientale, Gelsemium sempervirens, Lilium tigrinum, Plumbum metallicum, Trillium pendulum  |
| Drüse                          | 54  | Aurum metallicum, Causticum, Hahnemannii, Conium maculatum, Jodum, Spongia tosta  |
| Dumpf                          | 55  | Barium carbonicum, Ignatia amara, Natrium glutamatum, Natrium muriaticum  |
| Duodenum                       | 56  | Hydrastis canadensis, Manganum muriaticum, Natrium sulfuricum, Podophyllum peltatum   |

|                                  |     |   |
|----------------------------------|-----|---|
| Durchfall                        | 57  | Aloe socotrina, Arsenicum album, Bryonia alba, Croton tiglium, Podophyllum peltatum, Veratrum album   |
| Edle Werte                       | 58  | Oleander, Pulsatilla pratensis, Rauwolfia serpentina  |
| Eifersucht                       | 59  | Apis mellifica, Artemesia vulgaris, Lachesis muta   |
| Eile/Hektik                      | 60  | Aurum metallicum, Stramonium, Sulfuricum acidum, Tarantula hispanica  |
| Eingeengt                        | 61  | Argentum nitricum, Kalium carbonicum, Lepidium bonariense   |
| Einlassen                        | 62  | Lac felinum, Osmium metallicum, Picricum acidum   |
| Eklampsie                        | 63  | Belladonna, Cuprum arsenicosum, Cuprum muriaticum, Gelsemium sempervirens, Hydrastis canadensis, Zincum metallicum                            |
| Emotionale Öffnung               | 334 | Sinapis alba, Teplitz aqua, Sumbulus moschatus, Castoreum canadense, Dioscorea villosa, Coffea cruda, Elaterium officinarium, Liliun tigrinum |
| Endokrine Drüsen                 | 64  | Adrenalinum, Epiphysis cerebri, Hypophysis cerebri, Pancreatinum, Thyreoidea  |
| Endometriose                     | 65  | Jodum, Sabadilla officinalis, Sepia succus  |
| Energetische Teilung             | 365 | Therebenthinum oleum, Niccolum metallicum, Lachnathes tinctoria, Ipecacuanha, Liliun album, Scarabäus   |
| Energiefreisetzung               | 66  | Aurum metallicum, Gelsemium sempervirens, Hekla lava, Kalium jodatum, Mercurius solubilis   |
| Entbindung Familienschicksal     | 332 | Aesculus hippocastanum, Carduus marianus, Spiranthus autumnalis, Strontium carbonicum, Vespa crabo  |
| Entspannung                      | 67  | Causticum, Hahnemannii, Petroleum, Secale cornutum  |
| Enttäuschung                     | 68  | Aurum metallicum, Causticum, Hahnemannii, Helleborus niger, Hyoscyamus niger, Phosphoricum acidum   |
| Entwicklungshemmung              | 69  | Ambra grisea, Barium carbonicum, Secale cornutum  |
| Epilepsie                        | 70  | Aethusa cynapium, Artemesia vulgaris, Bufo rana, Cicuta virosa, Hydrocyanicum acidum, Passiflora incarnata, Zincum valerianicum               |
| Erbrechen beim Autofahren        | 71  | Carbonicum acidum, Ferrum phosphoricum, Glonoinum   |
| Erfolglos                        | 72  | Ammonium muriaticum, Causticum, Hahnemannii, Crocus sativus, Indium metallicum  |
| Erschöpfung                      | 73  | Arsenicum album, Carbo vegetabilis, China officinalis, Passiflora incarnata, Sepia succus   |
| Erschütterung                    | 74  | Arnica montana, Cicuta virosa, Glonoinum, Ledum palustre, Spigelia anthelmia  |
| Ersticken                        | 75  | Arsenicum album, Cactus grandiflorus, Carbo vegetabilis, Iris versicolor, Moschus   |
| Ertrinken                        | 76  | Antimonium crudum, Aurum metallicum, Hepar sulfuris, Solanum tuberosum, Aegretans, Staphisagria   |
| Erwartungsangst                  | 77  | Argentum nitricum, Arsenicum album, Gelsemium sempervirens  |
| Eugenische Kur                   | 78  | Bryonia alba, Carcininum burnett, Medorrhinum, Psorinum, Sepia succus, Sulfuricum, Thuja occidentalis, Tuberculinum bovinum                   |
| Falten                           | 79  | Bellis perennis, Gratiola officinalis, Primula vera, Sepia succus, Viola odorata  |
| Faulheit                         | 80  | Carbo vegetabilis, Chelidonium majus, Natrium carbonicum, Natrium muriaticum, Sabina  |
| Febris hoch                      | 81  | Belladonna, Bryonia alba, Hyoscyamus niger, Stramonium  |
| Fehlende Entspannung nach Schlaf | 82  | Cobaltum metallicum, Conium maculatum, Nux vomica, Magnesium carbonicum, Sarracenia purpurea  |
| Fehlende Hinbewegung             | 83  | Aceticum acidum, Glutatum acidum, Jaborandi, Platinum metallicum, Sepia succus  |
| Feigheit                         | 84  | Agnus castus, Barium carbonicum, Lycopodium clavatum, Spigelia anthelmia  |
| Fettleber                        | 85  | Arsenicum album, Aurum metallicum, Capsicum annuum, Chelidonium majus, Lyssinum, Mercurius solubilis, Phosphorus, Picricum acidum             |
| Fettstoffwechsel                 | 86  | Carbo vegetabilis, Colchicum autumnale, Cyclamen europaeum, Pulsatilla pratensis  |
| Fibrose                          | 87  | Conium maculatum, Lapis albus, Mercurius jodatus ruber, Nitricum acidum, Phytolacca decandra, Secale cornutum                                 |
| Findung des Individuellen Ich    | 341 | Chromium metallicum, Aqua Karlsbad, Filix mas, Hekla lava, Murex purpureus, Nitrogenium oxigenatum  |

|   |     |  |
|---|-----|--|
| Fistel  | 88  | Aloe socotrina, Cactus grandiflorus, Calcium carbonicum, Hahnemannii, Calcium fluoricum, Calcium sulfuricum, Nitricum acidum, Petroleum, Thuja occidentalis                      |
| Flugangst   | 89  | Alloxanum, Borax veneta, Mandragora officinarium   |
| Fontanelle  | 90  | Apis mellifica, Calcium phosphoricum, Magnesium carbonicum, Phosphoricum acidum  |
| Freude  | 91  | Ailanthus glandulosa, Caladium seguinum, Carduus marianus, Taraxacum officinale  |
| Furunkel  | 92  | Ammonium carbonicum, Hepar sulfuris, Magnesium carbonicum, Nitricum acidum, Secale cornutum, Silicea   |
| Galle   | 93  | Carduus marianus, Chelidonium majus, Leptandra virginica, Nux vomica, Podophyllum peltatum   |
| Gastritis   | 94  | Argentum nitricum, Arsenicum album, Bismuthum subnitricum, Hydrastis canadensis, Ipecacuanha, Mandragora officinarium, Nux vomica, Oxalicum acidum, Sinapis alba, Veratrum album |
| Geben und Nehmen                                    | 95  | Arsenicum jodatatum, Antimonium tartaricum, Ferrum phosphoricum, Sanguinaria canadensis  |
| Geburtsnachsorge                                    | 96  | Arnica montana, Caulophyllum, Euphorbium officinarium, Staphisagria  |
| Gefühlsdruck durch Übernahme von Familienkonflikten | 97  | Benzoicum acidum, Castor equi, Lac defloratum, Sabal serulata  |
| Gehirnerschütterung                                 | 98  | Arnica montana, Belladonna, Cicuta virosa, Hyoscyamus niger, Hypericum perforatum, Natrium sulfuricum, Opium papaver somniferum, Sulfuricum acidum, Veratrum album               |
| Geiz  | 99  | Calcium fluoricum, Manganum aceticum, Melilotus officinalis  |
| Geldallergie  | 100 | Alumina, Calcium carbonicum, Hahnemannii, Cyclamen europaeum, Magnesium carbonicum   |
| Genötigt und kontrolliert                           | 101 | Aethusa cynapium, Gelsemium sempervirens, Oleander, Platinum metallicum  |
| Geschehen lassen                                    | 102 | Aurum metallicum, Kalium bromatum, Lilium tigrinum, Platinum metallicum  |
| Geschlagen  | 103 | Elaps corallinus, Ruta graveolens, Sulfuricum acidum   |
| Gicht   | 104 | Antimonium crudum, Benzoicum acidum, Cajeputum, Colchicum autumnale, Kalmia latifolia, Ledum palustre, Lycopodium clavatum, Petroselinum sativum                                 |
| Glaukom   | 105 | , Comocladia dentata, Gelsemium sempervirens, Spigelia anthelmia   |
| Gleichgewichtsstörung                               | 366 | Berberis, Paeonia, Thallium, Therebenthina, Anacardium   |
| Grippe  | 106 | Arsenicum jodatatum, Chininum sulfuricum, Gelsemium sempervirens, Eupatorium perfoliatum   |
| Haarausfall   | 107 | Carbo vegetabilis, Natrium muriaticum, Sanicula aqua, Selenium metallicum, Ustilago maydis   |
| Hämorrhoiden  | 108 | Aesculus hippocastanum, Aloe socotrina, Carbo vegetabilis, Collinsonia canadensis, Nux vomica, Paeonia officinalis   |
| Handy   | 109 | Arsenicum album, Bellis perennis, Mikrowelle, Nux vomica   |
| Hartnäckig und Starr                                | 110 | Helonias dioica, Ledum palustre, Petroselinum sativum, Sepia succus  |
| Hass/Rache  | 111 | Agaricus muscarius, Ammonium carbonicum, Ammonium muriaticum, Anacardium orientale, Cuprum metallicum, Fluoricum acidum, Nitricum acidum   |
| Hauttrockenheit                                     | 112 | Graphites naturalis, Mezereum, Psorinum, Sulfuricum  |
| Heilig sein wollen                                  | 113 | Carbonicum sulfuricum, Coffea cruda, Hamamelis virginiana  |
| Heilung des Familiensystems                         | 331 | Calc. Sil, Platin, Aceticum acidum, Lap-a, Taraxacum, Kalium bromatum  |
| Heimatvertrieben                                    | 114 | Carbo animalis, Elaterium officinarium, Magnesium carbonicum, Magnesium muriaticum   |
| Heimweh   | 115 | Capsicum annum, Helleborus niger, Hippomanes, Phosphoricum acidum  |
| Helfertrieb   | 116 | Cinnabaris, Coccus cacti, Ginkgo biloba, Ratanhia peruviana  |
